## Field Visit:

5 December 2026

### Visit at Water Purification Plant:

On December 5, 2025, students from Vishwabharti Academy's College of Pharmacy participated in an insightful educational visit to a local Water Purification Plant. The primary objective was to understand the critical processes involved in improving water quality for various essential uses, including drinking, irrigation, and industrial applications. The session began with a comprehensive powerpoint presentation detailing the plant's operations and the importance of returning safe, treated water to the environment. Students toured the facility to observe large-scale water treatment units, including filtration and purification system. A dedicated visit to the Quality Check Laboratory allowed students to see how water is tested for safety and compliance with health standards. The event concluded with an interactive Q&A session and a formal vote of thanks.

## Visit at Snehalaya

Following the technical visit, the focus shifted to social sensitization with a visit to Snehalaya. This initiative aimed to instill a sense of sympathy and social duty among D. Pharmacy students, reminding them of their responsibilities toward societal well-being beyond their academic and career goals. The visit started with a presentation detailing the impactful work performed by the Snehalaya organization. The group also toured the Snehalaya Hospital and Workshop to see how the organization supports the health and skills of its residents. The day ended with a final vote of thanks, marking the completion of a comprehensive day of learning and empathy.

## Industrial Visit:

Following the Snehalaya Visit, students from Vishwabharti Academy's College of Pharmacy participated in an enriching industrial visit to Bora Pharmaceutical Private Limited, MIDC. Students toured the Warehouse and the Quality Control (QC) Department, learning how standards are maintained. The group observed high-tech machinery in action, including the Tablet Punching Machine, the Coating Pan, and the Strip Packaging Machine.
